

This worksheet is designed for AQA GCSE psychology.

It should be completed alongside watching the psych boost video on www.psychboost.com or YouTube.

The AQA GCSE Psychology Specification..

Gibson's direct theory of perception – the influence of nature

The real world presents sufficient information for direct perception without inference. Role of motion parallax in everyday perception.

Gregory's constructivist theory of perception – the influence of nurture

Perception uses inferences from visual cues and past experience to construct a model of reality.

Think of an object. Draw it as it is and how the girl may perceive it according to Gregory's constructivist theory

Note key aspects
of each theory

Gibson's direct theory of perception

Gregory's constructivist theory of perception
